GERANIUMS

Tried and true, these little beauties became a novelty late in the 19th century, when Thomas Jefferson brought them to the White House. Later falling out of popularity and disdained for their humble flowers, it's about time we admit Grandma was on to something and reintroduce the geranium with all its classic old world charm! Offering splendid color from May through November, these selections have been hand-picked by our growers.

10" Zonal Geranium

Hanging Basket:

QTY. ----- price ea.

- Geranium (Zonal)
